OUR MISSION

DEMCO is a not-for-profit, member-owned electric distribution cooperative dedicated to providing safe, reliable, and competitively priced energy services. It strives to be an industry leader by being a trusted services provider for our members, an employer of choice, and a respectable business partner that puts the community at the heart of everything it does. DEMCO is guided by a local board of thirteen directors elected from and by the membership.

POWER THEFTS AND METER TAMPER – A permit to reconnect service will be required on all locations where power theft has occurred and on any location where meter tamper has caused damage to the meter pan.

SECOND OR ADDITIONAL SERVICES AT AN EXISTING RESIDENTIAL ADDRESS – As before, any new service requires a permit. However, EBR in some cases will no longer allow additional meters at an existing address. This is a zoning decision unrelated to DEMCO.
