OUR MISSION

DEMCO's mission is to enhance the quality of life for our members, employees, and communities by safely providing reliable and competitively priced energy services.

1-844-MY-DEMCO (1-844-693-3626)

CITY/PARISH PERMIT REQUIREMENTS
Please check with your city/parish for updated permit requirements.

DEMCO follows the permitting requirements established by the governing authorities in the parishes and cities within our service area. All required permits and inspections must be completed before electric service can be connected.

ASCENSION PARISH

All new construction, service rebuilds, solar panel and generator installations require a permit from the following:

Environmental Services
(225) 644-9030
828 S. Irma Blvd.
Gonzales, LA 70737

Building, Planning & Zoning
(225) 450-1002
615 E. Worthey Rd.
Gonzales, LA 70737

BOTH A PARISH AND SEWER PERMIT IS REQUIRED. PERMITS ARE NOT REQUIRED UNLESS SERVICE HAS BEEN DISCONNECTED FOR 30 DAYS OR LONGER. NO PERMIT IS NEEDED FOR TRANSFER OF SERVICE FOR HOUSES, MOBILE HOMES OR COMMERCIAL BUILDINGS THAT WERE NOT DISCONNECTED.

EAST BATON ROUGE PARISH

All new construction, mobile homes, commercial buildings, service rebuilds, solar panel installations and generator installations require a permit from the following:

City Parish Permit Office
(225) 389-3226
300 N. 10th St., Baton Rouge, LA 70802

RECONNECTION OF SERVICE FOR HOUSES OR APARTMENTS ONLY - NO PERMIT IS NEEDED UNLESS NO SERVICE FOR 6 MONTHS OR LONGER.

MOBILE HOME RECONNECTION FOLLOWING A DISCONNECT FOR NONPAYMENT – Any member living in a mobile home that was disconnected for nonpayment have 6 months to pay and reconnect service without a permit. After 6 months, a permit is required to reconnect service.

POWER THEFT AND METER TAMPERING – A permit to reconnect service will be required on all locations where power theft has occurred and on any location where meter tampering has caused damage to the meter pan.

SECOND OR ADDITIONAL SERVICES AT AN EXISTING RESIDENTIAL ADDRESS – As before, any new service requires a permit. However, EBR in some cases will no longer allow additional meters at an existing address. This is a zoning decision unrelated to DEMCO. If this type of application is made by a Member, we will not be able to assign or build a job for the order until a cleared permit has been received.
