

DEMCO BOARD POLICY

Subject: **Interconnection of Distributed Resources**

Approved: February 28, 2013

Reviewed: February 17, 2022

Revised:

Objective

Establish requirements and conditions under which DEMCO customers may install Distributed Generation (DG) and/or Net Metering.

Policy

DEMCO shall establish and provide members/customers in accordance with CPR 1730, Subpart C a written standard policy relating to the Interconnection of Distributed Resources (IDR) having an installed capacity of not more than 10 MVA at the point of common coupling. This policy and its attachments shall be readily available to members/customers via the company's website www.demco.org. This information shall be made available to any and all DEMCO members.

Responsibility

The Vice President, Engineering and Operations shall be responsible to see that this policy is enforced and shall ensure all information concerning Distributed Generation and/or Net Metering is kept current, revised as needed, and made available to DEMCO members/customers.

DATE February 17, 2022

PRESIDENT /s/Daniel Berthelot

SECRETARY /s/Dennis R. Lott
