Current Service Detail

Current service detail terms are outlined in the DEMCO Rates and Terms of Service handbook and provided in the Tariff filed with the Louisiana Public Service Commission.

ALL ACCOUNTS

The Grid Access Charge is the monthly fee for being connected to DEMCO's system, regardless of whether you use it. This charge is phase-specific and differs among all rate classes.

Delivery Charge is the fee you pay to have power delivered to your meter, calculated by multiplying the kilowatt hours used by the rate. Residential members may see one or two delivery charges listed; this is tiered by kilowatt hours used.

***For Residential Rate Class 1** - This charge is the same for all residential accounts but differs among other rate classes.

The delivery charge for $\leq 1,000$ kWh is billed at \$0.03985 per kWh. (3 cents per kWh)

The delivery charge for $>1,000$ kWh is billed at \$0.04635 per kWh. (4 cents per kWh)

Wholesale Power Charge is the cost of purchasing the electricity that we deliver to you, calculated by multiplying the kilowatt hours used by the rate. This cost is shared among members based on kilowatt hours used.

FF-CR RIDER – FRANCHISE FEE CREDIT ADJUSTMENT is a reduction in charges of \$.00017 per kWh for each rate covered under this rider. Lighting rates shall be reduced by \$.00017 per kWh of electricity based on the kWh quantities assigned for power cost adjustment purposes.

THE FORMULA RATE PLAN (FRP) is an annual cost adjustment to prevent large rate fluctuations, calculated by multiplying the kilowatt hours used by the rate. It aligns operating revenue more closely with the cost of providing service.

FRANCHISE TAX is a tax paid to the municipality where you are domiciled. The tax/cost varies depending on the municipality. The franchise fee cost is shared, with 50% paid by DEMCO and 50% paid by the residents.

METER BASED SURGE PROTECTOR is the rental fee of a residential meter-based surge protection device installed on the electric meter of your home or shop.

PENALTY is a 5% charge of the current charges due when full payment is not received on the due date. It is applied to the account on the next business day. Penalties are not applied to Payment Contracts or Promissory Notes. *MBSP and Roundup are not included in penalty calculations.*

RLM CREDIT is paid to all residential members who agree to have a DEMCO load management device installed on their central air conditioning unit, at \$5.00 per month per device.

ROUNDUP AMT is the voluntary Operation Roundup® contribution. These funds are distributed by the DEMCO Foundation to assist the elderly, handicapped, and other DEMCO members in need.

SLR RIDER (1 OR 2) is a charge assessed to members who receive street lighting service in their subdivision.

STATE TAX – AS (ANCILLARY SERVICE) is a state tax applied to members who have a meter-based surge protector.

YARD LIGHT CHARGE is assessed based on the yard light device type and wattage.

NET METERING ACCOUNTS

Net meter(s) installed prior to December 31, 2019

Wholesale Power Credit is a credit for the wholesale power charge at full retail cost for any kilowatt hour(s) generated in excess at the time the net meter is read.

Delivery Credit is a credit for the delivery charge at full retail cost for any kilowatt hour(s) generated in excess at the time the net meter is read.

Net Meter(s) Installed after January 1, 2020

Avoided Energy Cost is the rate at which DEMCO purchases excess kilowatt hours produced from a net meter installed after 1/1/2019. The avoided energy cost is calculated by the wholesale energy supplier and provided to DEMCO annually.

COMMERCIAL ACCOUNTS

CILM CREDIT is a commercial incentive load management credit available to all commercial members who agree to have DEMCO load management devices installed on their central air conditioning units. It is also available to any Large Power Member if DEMCO's Engineering staff and the Member both agree it is beneficial to both the Member and DEMCO. There will be a \$2.00 credit per month per ton of air conditioning cooling capacity.

DEMAND CHARGE is a charge only applicable to large-load commercial accounts.

STATE TAX is a state tax assessed on commercial accounts.
